

New COVID-19 Resources

The Best and Brightest Program continues its mission during COVID-19 to support our community of companies that desire to continually better their business practices, improve the lives of their employees, and strengthen their communities.

NEW TO THE BEST AND BRIGHTEST PROGRAMS

All 2019 Best and Brightest Companies will remain in the Best and Brightest Community for 2020. We are not letting COVID-19 change the status of our winners. With many of our Best and Brightest winners incurring temporary changes we are offering flexibility in the survey process.

COVID-19 Survey Questions have been added to all Company Surveys for the remainder of 2020 to gain best practices and a pulse on your workforce during this time. An optional Employee Survey is available.

COVID-19 Town Hall Meetings - Join our digital panel of experts as they discuss legislation, new Human Resource policies and the latest updates on how COVID 19 is effecting the business community. These town halls will give digital attendees the opportunity to ask questions to the panel of experts specific to their needs.

Personal Protection Equipment (PPE) Resource Connection - We are leveraging our strong resources across the country to connect those that are making Personal Protection Equipment with those businesses that need them. Let us know your needs and we will help make connections happen for you.

Research Team - We have converted our staff to answer any specific questions or needs that you may have on policies, practices, procedures, or COVID-19 questions. Our research team is available to answers the questions you need in a timely manner. Lean on our staff as an extension of your team during this time.

Virtual Celebrations and Crystals - All education and award shows will be digital. In addition, crystals will be shipped for your celebrations.
