# Methodology

The chart represents the participating organizations data as a whole. It displays a percentage for the option selected for a particular question.

"X" in the chart axis label represents your organization's score compared to other participating organizations that also selected the same response.

		Overall	Your Company
1	0% - 10%	10.00%	
2	11 - 25%	0.00%	
3	26% - 40%	0.00%	
4	41% - 50%	5.00%	
5	51% - 75%	25.00%	
6	more than 75%	60.00%	X

For each area there is a green "X" denoting the response that your company provided on the questionnaire.

To the left of this response is a percentage which represents the percent of participating organizations that also selected the same response.

# Methodology

## Employee Questionnaire

This section of the report is based on employee responses to the Best and Brightest Companies to Work For Employee Questionnaire. The questionnaire was sent to employees electronically to their email addresses or paper surveys to fill out by hand. There were 60 items from 15 categories corresponding to some of the same categories found in the HR Questionnaire. For each item, employees responded on a 5-point scale (Strongly Agree, Agree, Neutral, Disagree, or Strongly Disagree) and provided the chance to answer with text to two open-ended items. This report is further broken down into several subsections:

**Executive Summary Category Ranking:** Items within each category are averaged together and then presented from the most favorable ( Strongly Agree and Agree) to least favorable. There are three colored bars:

- 1) Your organization's average favorability for this category this year are presented in the top purple bar.
- 2) The participating companies average favorability for this category this year in the middle grey bar.
- 3) The National Benchmarking Norm average favorability for that category. The norm is composed of all organizations that participated in the previous calendar year.

Additionally, a percent difference between your organization, participating organizations, previous year(s), and norm are provided so that you can tell how well you are performing. In the example below for one particular organization (ABC Company):

- 1) 91% of ABC employee respondents selected Strongly Agree or Agree, 8% selected Neutral, and 1% selected Strongly Disagree or Disagree for the items that make up the Teamwork & Cooperation category.
- 2) Additionally, when you compare to the region, 89% of employees selected Strongly Agree or Agree).
- 3) There is a positive 2% difference between ABC Company and the region.

Category Results		Percent Favorable	Response Percentages			Percent Difference
			Favorable	Neutral	Unfavorable	
<b>Teamwork &amp; Cooperation</b>						
	ABC Company		91.0%	8.0%	1.0%	
	Metro Detroit		89.0%	8.0%	3.0%	+2.0
	Norm		90.0%	7.0%	3.0%	+1.0

# Methodology

**Executive Summary Item Ranking :** The 10 Most Favorable Items and 10 Least Favorable Items are provided for your organization.

**Results :** Each category is presented along with their respective items. The % Favorable (Strongly Agree and Agree), % Neutral (Neutral) and % Unfavorable (Strongly Disagree and Disagree) are also provided. If there are not enough responses to a particular item or category (or there is no data available), the label "Insufficient data" is used.

**Item Summary:** This section of the report provides every item in the survey in numerical order along with favorability and a quick judgement if the item is a strength or concern. A "Strength" is denoted by a star and is defined as any favorability that is greater than 65%, less than 10% Unfavorable, or 5% higher than a contrast group (e.g. Region or the Norm). A "Concern" is if an item has less than 40% favorability, greater than 25% Unfavorable, or lower than 5% than a contrast group.

In the example below, one item is displayed. - the golden bar represents the favorability (69%) which is above 65% Favorable (Strength for Favorable), but was 5% below the region as well as the National Benchmarking Norm (flag for each). No star or flag was placed for the Unfavorable because it was not less than 10% Unfavorable (Strength) OR greater than 25% Unfavorable (Concern); this means that it was in between and not a strength or concern. In this case, this item could be considered a strength for the organization but when compared to outside (by Region and Nationally), there is still room for improvement.

Item Summary	Favorable	Unfavorable	Difference From Metro Detroit Region	Difference from Norm	Category Results

**Written Comments :** This section of the report provides every comment provided by employees for the two open-ended questions:

- 61) What do you value most about working at this company?
- 62) What do you like least about working at this company?
