National Association for Business Resources Announces the 2023 Best and Brightest in Wellness Winners

September 18, 2023 — The Best and Brightest Program[®] is proud to announce the newest 2023 Nation's Best and Brightest in Wellness winning companies. Only companies that distinguish themselves as having the most innovative wellness, wellbeing and human resource practices can be bestowed this honor. (See following list for winners.). Considering the ten to one ratio of this program, these winning companies are truly innovative in their employee engagement execution.

The Nation's Best and Brightest in Wellness winning companies were evaluated by an assessment created and administered by a leading wellness research firm. Each entry was examined statistically for quantitative and qualitative data. Each survey was scored on a point system based upon criteria to benchmark and improve wellness program effectiveness. They include outcomes, analysis, tracking, participation & incentives, benefits and programs, leadership, employee input, culture, and environment.

"Those companies that made the list as well as those companies that continue to make the list are truly remarkable. Given today's need for mental health and wellbeing, these companies have proven they are superior to market conditions. They are elite thinkers, and this honor demonstrates their commitment to excellence," said Jennifer Kluge, President, and CEO of NABR and The Best and Brightest Program.
